

**HONEY**  
Produced from our very own plants now available!

be our many satisfied customers. It has been the foundation of our success and we will continue to build on it. We have many repeat customers from all over Ontario and look forward to seeing them again every year.

### Selection

You will find the widest and largest selection of shrubs, trees and perennials in Niagara.

Our retail area is over 3 acres and supplied by 12 local growers that maintain over 1,000 acres. We have the range of sizes, variety and quantity that few retailers in Ontario can match. For example, on opening day we will have over 800 Japanese Maples on site with more arriving weekly.

If there is a hard-to-find rare plant that you desire and we don't have in it stock, no problem. We stock or have access to virtually all zone 6 hardy plants. We can usually have the rare plant here within 24 hours.

There are cases where a requested plant is not zone hardy or very temperamental regardless of zone. We will always alert you of this risk and where possible suggest a similar but harder alternative.

While most Garden Centres do not warranty their inflated prices that are supposedly on "sale", others have reduced their warranty coverage to only the balance of the season. We on the other hand have increased ours to a **5 Year Warranty**.

### 5 Year Warranty

Because we offer such high quality plants, we have by far the best warranty in the industry on all plants, even roses. Yes even roses! We guarantee that the plant is healthy at the time of purchase and will remain so for a full 5 Year pro-rated warranty given reasonable care such as watering etc. Damage caused by animals or vehicles is understandably not covered.

Warranty is for retail customers only. 1<sup>st</sup> year 100%, 2<sup>nd</sup> year 50%, 3<sup>rd</sup>, 5<sup>th</sup> years 25%.

Our warranty even covers "clearance" items. While some centers restrict warranty on their "sale" or clearance items, we offer the full warranty on every single plant we sell, even from our clearance area. We allocate a plant to the clearance area only for aesthetic reasons such as washed out colour or some other detraction that it will outgrow. Plants are only placed in the clearance area if we firmly believe it has a 100% probability of survival. This is why it shares the same 5 Year pro-rated warranty as all of our plants. If you believe in your product, then why exclude warranty just because it's on a so called "sale" or even in clearance.

## You deserve the best price everyday!

We have never had sales and never will. "Sales" are gimmicks and today's informed consumer can see through the hype. We respect your intelligence and will never inflate prices to be later discounted. No games, no waiting, no dumping of second quality plants at the end of the season, just great prices everyday and locked in for the entire season. If during the same year we reduce the price from the same supplier, size, and quality of plant, we will refund you 200% the difference. No other retailer of any type offers such assurance.

A new gimmick is to inflate a price then have a big "Sale" reducing the price and not including warranty because of the "Sale" price. Always ask the details of the warranty before you buy.

Our belief is that you should not have to wait for a sale" on left over stock to get a good price. Our prices are for first quality plants and locked in for the entire year, no exceptions. Conditions of same supplier, size, and quality of plant apply. Our inventory is huge but some varieties will sell out early and may not be available again for the balance of the year. Shop early for best selection.

We keep our costs low by focusing on what you as a customer want from a garden center. A large selection of quality plants at low prices supported by a knowledgeable staff. You will not find any fancy buildings, uniforms, displays or a bombardment of expensive advertising. In 18 years of being in business, this is our only real advertising and the only one for the 2021 year. The best form of advertising continues to

**Real!**  
**Cedar Mulch**  
**SUPER SAC EQUIVALENT**  
**\$59.99**  
**NO SHOVELLING!**

**\$49.99** per yard with 50 or more yards,  
**\$54.99** per yard with 20-49 yards and  
**\$56.99** with 5-19 yards.

We offer our bulk mulch in easy to carry 3 cubic foot size bags. Shoveling and clean-up is eliminated. It takes nine 3 cubic foot or 13.5 two cubic foot bags to make a "super Sac". With us you get a much higher quality product that is easier to handle and at about half the cost.

### Save on Material

Buy only what you need. No need to buy multiples of cubic yard units. You can even return unopened bags for a refund.

### Real Cedar

Most bulk mulch and many bagged mulches are made from chewed up old contaminated decomposed factory skids. Skids are made from the cheapest wood available; none are ever made from cedar.

All of our mulch is made from virgin by-product cedar. Only cedar resists decomposing and insects while controlling weeds.

Professionally coloured. Our mulches are naturally coloured inside a dry facility using permanent equipment that ensures consistency. Most bulk mulches are done on site in the open using lesser quality equipment and even toxic dyes.

### Non Toxic

Our natural colouring is made from non-toxic vegetable products. Safe for contact with children and pets. Most bulk mulch is not dyed with natural colouring.

### MULCH COMPARISON CHART

"Super Sack" or "Big Bag"	Ours	
Price	\$119.99	\$49.99-59.99
Deposit required for sac	Usually	Never
True Volume	1 Cubic Yard	1 Cubic Yard
		1 Cubic yard = 27 cubic feet, we package ours in 3 cubic bags so you get 9 of our bags=27 cubic feet=1 cubic yard
Contains decomposed skids non-cedar, kitchen counters or desks etc.	Usually	Never
		Most bulk mulch is from decomposed and discarded skids as well as any other discarded wood base product. Even those claiming to be cedar may only be 15% actual cedar. You can smell the difference with ours.
Real Cedar	Seldom if ever	100%
May Contain Oils/ Chemicals roof shingles.	Yes	Never
		Skids are never made from cedar, we use only virgin cedar material Our cedar is 100% Virgin Premium Cedar. It is the shavings off of new premium cedar  This excellent mulch would otherwise be discarded.
Shoveling Required	Yes	Never
		Open bag with hands and empty versus shoveling out of an awkward bag then wheelbarrow to location. Our bags are 100% recyclable.
Contains Diseased trees	?	Never
		Mulch can be picked up for free from municipalities and tree cutting business. However it can contain diseased plant material including molds.
Weed Control	Good	Better
		Shavings create a tighter coverage than chunks- this provides better coverage in controlling weeds
Controls Bugs and Rodents	Attracts and contains bugs including ticks	Repels bugs even ticks
		Cedar is a natural bug and rodent control - this is why it was used to line closets and drawers. Ticks are repelled by the natural oils in cedar where the non-cedar mulches attract ticks. Cedar is used in water and as posts because of its non-decomposing properties.
Longevity	Decomposes Quickly	20-50 years +
Water logged	? stored outside unprotected	Never Always covered
		Sealed packaging ensures light and easy to work with mulch- Dry mulch weighs about 12 pounds per cubic foot versus 25 pounds for waterlogged. Also dyes on waterlogged mulch leach onto your hands, clothes and property.
Messy	Yes	No
		No spillage onto driveway or walkways
Fluffed Up - looks like more	Yes	No, it's Compressed
		Our bags are compressed. Super Sacs are filled loose so the same quantity can appear as more in a Super Sac bag.
Chemical Dye	Usually	Never
		We use only non-toxic organic based dyes that are child and pet friendly.
Smallest Unit	27 cubic feet	3 cubic feet
		Buy only what you need in smaller units - no waste or shortage.
Leftover can be returned	No	Yes
		i.e. if you need need 1.5 cubic yards buy 14 bags (=1.55 cubic yards) rather than 2 cubic yards in a supersac format.
2 or more colours can be loaded simultaneously	No	Yes
		Landscapers and homeowners love that colours can be kept separate from each other when transporting or storing.

# We deliver anywhere!

## Transporting plants

Here are some important points if you plan to take the plants with your vehicle.

Enclosed vehicles like a family van are better than open ones like a truck because they offer protection from the wind.

Remove the seats from a family van to make extra room and lay down a tarp. A 12 foot tree can easily fit in an average family van. If you must use an open truck or trailer, bring a large tarp and ropes to cover the plants.

## Neighbourhood Planting Parties

Come in and order plants with one or more of your neighbours and we will deliver to your neighbourhood for one flat fee. Do not delay, call your neighbours today to plan your Neighbourhood Planting Party. Offered only during April, May & June. Homes must be within .5 km radius.

Studies have clearly shown that plants are the best investment you can make in a home. While other improvements depreciate over time, plants actually increase in value and are often the deciding point when buying an existing home.

## Unlimited Number of Local Deliveries

**\$69.99**

**For Entire 2021**

Minimum plant value \$100.00 per delivery.  
Beamsville, Lower East Grimsby  
Maximum 2 yards of bagged product per delivery

See website for other areas and delivery details.

## Easy Steps to Save

1. Sketch your planting area. Note sun, shade, soil, moisture and space.
2. Visit other garden centres. We want you to be informed.
3. List plants that you like along with price, size, quality and warranty.
4. Visit our location with your list and sketch. Your decision will be made easily.

## Landscapers, Developers, Retailers

Drop in to set up an account. We have the variety, numbers and arrangements to meet your needs even on short notice. We offer delivery within 12 hours anywhere in Ontario with 26 ft straight bodies or 53 ft transports. Smaller orders can be efficiently delivered using one of our smaller vans. No order is too big or small. We welcome your business regardless of size. For your convenience we have a 24 hour phone line dedicated just for Landscapers, Developers and Retailers.

Gift Certificates Available - The perfect gift for Weddings, Birthdays, Anniversaries or a House Warming!
